Disclosure of Information on Lead-Based Paint and Lead-Based Hazards

Lead Warning Statement

Federal Law for Lead Contamination: "Every Purchaser of any interest in residential real property on which a residential dwelling was built prior to 1978 is notified that such property may present exposure to lead from lead-based paint that may place young children at risk of developing lead poisoning. Lead poisoning in young children may produce permanent neurological damage, including learning disabilities, reduced intelligence quotient, behavioral problems, and impaired memory. Lead poisoning also poses a particular risk to pregnant women. The Seller of any interest in residential real property is required to provide the Buyer with any information on lead-based paint hazards from risk assessments or inspections in the Seller's possession and notify the Buyer of any known lead-based paint hazards. A risk assessment or inspection for possible lead-based paint hazards is recommended prior to purchase."
Rhode Island State Law for Lead Contamination: "The Seller of ANY INTEREST in Residential property shall disclose to the Buyer any known information on lead-based paint or lead-based hazards in paint, interior dust, soil, or water, or potential lead-based paint or lead-based hazards and their location(s), or potential location(s). This includes any records or reports known and reasonably available to the Seller regarding such hazards or potential exposure to such hazards in the property. The Seller shall maintain copies of any environmental lead inspection report for as long as they own the property. The Buyer shall receive an EPA educational pamphlet containing the insert "What You Should Know About the R.I. Lead Law."
